**TRAINED NURSE  
CURES DIABETES**

A letter from a trained nurse, Miss  
Isabelle M. Potter, of Portland, Ore-  
gon, commends to the following:

"I have care of a patient who is  
taking your Diabetes Compound. It  
has been my pleasure to have several  
of these cases. I say pleasure be-  
cause it is quoted as incurable, but I  
cannot see it that way. This patient  
was in a very despondent mood, stay-  
ing in bed most of the time. Today  
he was out walking several times,  
walking nearly three miles. I am not  
an advocate of drugs, as a rule, but  
when a patient thinks he needs  
one thing or another I never oppose.  
My patient is improving fast. His  
sight was failing, but already shows  
decided improvement."

The plain fact is that Diabetes, al-  
though supposed to be incurable, is  
now being cured every day in people  
of middle age and over. We marvel  
that physicians and hospitals can be  
content to see patients slowly suc-  
cumb under codeine arsenic, etc.,  
when many of them can recover by  
the simple use of a mild infusion and  
which specific gravity and sugar  
begin to decline in most cases within  
twenty days.

There is no uncertainty as to the  
results for the sugar can be weighed  
and the specific gravity recorded and  
the results noted from day to day.  
Fulton's Diabetic Compound is harm-  
less and delicate persons take it with-  
out injury. It contains no sedatives.  
It can be had in your city of Hono-  
lulu Drug Co., Fort street.  
For literature write John J. Ful-  
ton Co., 645 Battery St., San Fran-  
cisco.
